CRAFTING  
**EXCLUSIVE & CONTEMPORARY**  
FURNITURE

'WE SHIP WORLDWIDE'

## **'EXPERIENCE'**

1981-2021

Our philosophy in design and quality is always to be the best and the most different from the rest.

All members of the **SANZE** family, which started as a father's profession 40 years ago, continue on their way as interior architects.

We have no obsession with trends or fashion. We create spaces by blending our own interior design thinking with the way of life of our customers... The habit of designing with popular materials at that moment does not affect us. Our target point is the first glance that creates the effect of a place that we can do.

The era of furniture that we can see in every home and space is over. With the furniture we will produce personally, we can design the house you dream of, with the support of our interior architects, by changing the color, material and size suitable for your home and your taste, and we can produce it without intermediaries in our production workshop since 1986.

## **INTERIOR ARCHITECTURE SERVICE**

40 years of production and design in line with our customers in Turkey and the world market, architects and interior decorators we offer result-oriented solutions to our colleagues for their projects.

Project suitable for your needs and we design your furniture designs with our professional interior architect staff and produce them in our factory and we apply it to your space. To meet us or to get information about our services you can contact us through the following communication channel.

MAGIC Armchair

The image shows a modern dining room with a white brick wall and a dark tiled floor. In the center is a rectangular dining table with a white marble top and a dark, X-shaped metal base. Several chairs are around the table, including a white upholstered chair with dark legs and gold tips in the foreground. To the right is a dark wood sideboard with a light-colored, vertically-ribbed front panel and gold circular handles. On top of the sideboard are various decorative items: a bust, books, vases with flowers, and a lamp. A large, multi-tiered chandelier with glass spheres hangs above the table. A large potted plant stands behind the table. A large mirror with a decorative frame is on the left wall, reflecting the room. A patterned rug is under the table.

The image shows a contemporary dining area. In the foreground, a dark, rectangular wooden table with a thick top and a metal frame base is set with a leopard-print runner, a glass bottle, a small open book, and a small glass. Behind the table is a long, low sideboard with a dark wood finish and large circular metal handles. On top of the sideboard are various decorative items, including a large mirror, a lamp, and several vases. Four gold-colored pendant lights hang from the ceiling. The background wall is made of white brick, and the floor is dark wood.
